For tunnels over 50m please add \$1112.00 for each additional 4m increment.

For Calf rearing packages over 50m please add \$2267.00 for each additional 4m increment.

Full Calf Rearing Packages consist of a FlexiTunnel Calf Rearing Shelter and full FlexiTunnel Yard System (Please refer to our 'Models' page for the different Tunnel options)

- All options have pens designed to house approximately 20 calves per pen.
- Each pen has an equal inside and outside area giving each calf nearly 2m² space. (**please note:** - this does not imply that this is an ideal "animal per floor space" ratio!)
- Pens are designed to keep calves in separate mobs and provide a barrier to the plastic film of the tunnel.
- Pens are made up of 2m, 3.5m, 4m and 4.5m Yard Units connected with 3-way Stands and U-hooks.
